## SECOND NOTICE

[REDACTED]

**Re: Unauthorized Use of Trunk Archive's Imagery - Case#** [REDACTED]

*Note: This is an important matter that has yet to be resolved and requires your urgent attention.*

Trunk Archive has noticed its **represented imagery being used on your company's website**. Trunk Archive's records **do not show any valid license** issued to your company for this usage.

As already notified, using imagery of Trunk Archive without a valid license is considered **copyright infringement** and entitles Trunk Archive to seek compensation for infringing uses (Copyright Act, Title 17, United States Code). Please note that removal of the imagery alone does not resolve the matter.

Trunk Archive is willing to offer you **another opportunity to resolve this matter**. Please note that failure to respond within 10 business days may result in **legal escalation** of this matter.

### **To resolve this matter:**

- Please email us your valid license/authorization to use the imagery, or
- **Remit a \$920.00 settlement payment online at**  
<https://LCS.trunkarchive.com/> [REDACTED] and cease using the imagery immediately.

### IMPORTANT NOTES

- **Ceasing use of the imagery does not release your company** of its responsibility to pay for the imagery already used. As the unauthorized use has already occurred, payment for that benefit is necessary.
- You may have been unaware that this imagery was subject to license. However, copyright infringement can occur regardless of knowledge or intent. **While being unaware of license requirements is unfortunate, it does not change liability.**
